SPECIAL PROJECT INSTRUCTIONS: _____

INSURANCE COMMUNICATION

By executing this agreement you authorize Native Roofing & Solar LLC ("We/Us/Native") to communicate, interact, and work with your respective insurance carrier and its adjusters for you and on your behalf for the purpose of discussing the technical aspects of, compiling, documenting, and/or otherwise taking steps to have the insurance claim(s) approved for the work that needs to be performed and is desired to be performed by you. You also represent that you will assist us as necessary to respond to questions, provide information, and otherwise help get the desired insurance claim(s) approved.

CLAIM DAMAGE DENIAL

In the event that your insurance company denies a full roof replacement and/or restoration work upon their initial inspection, Native Roofing & Solar is authorized to pursue the carrier with a re-inspection process. If no resolution is made, and the insurance carrier continues to deny a full roof replacement and/or additional restoration services, or the Replacement Cost Value (RCV) as determined by our Scope and Pricing, **you will not be obligated to any contract.**

WORK AGREEMENT

In the event a full roof replacement and/or additional restoration work is approved by the insurance company, Native Roofing & Solar LLC. becomes the contractor of your choice. The Homeowner authorizes Native Roofing & Solar LLC. to complete the work specified in the Insurance Loss Assessment. The Homeowner acknowledges that the final Insurance Loss Assessment (multiple revisions may be made) will determine the final cost for the project. Homeowner further acknowledges that the total out of pocket expense will not exceed the deductible, non-recoverable depreciation, and code requirements not covered by insurance, unless there are elective upgrades.

PAYMENT

By executing this agreement, you agree to Native requesting your insurance carrier issue payment directly to Native, and if not possible, then to both you and Native jointly. As agreed here, you will pay us your deductible, the cost of pre-selected upgrades (if any), and the agreed upon roofing/restoration portion of your insurance proceeds which ordinarily includes roof/restoration replacement cost value (RCV), overhead and profit, sales tax, permit fees and insurance supplements. Again, by executing this agreement you acknowledge and agree that you remain ultimately responsible for the full and timely payment of Native for all work Native performs at your property. We require the ACV portion (net claim, plus the deductible) as down payment for the work to be completed. The remaining RCV portion will be collected after issued out by the insurance company to the Homeowner.

There will be no additional out of pocket expense to you except the insurance deductible and any owner preselected upgrades.

We require final payment within fifteen days after confirmation from the insurance that the final depreciation has been released to the Homeowner. We may send depreciation requests to your insurance carrier and collect final payments for each individual trade, as they are completed. Any communication interference caused by you, between us and the insurance carrier, that results in keeping us from obtaining any payments due to Native, including but not limited to Replacement Cost Value, from your insurance carrier or otherwise, may result in Native pursuing additional remedies from you.

Native will perform the Scope of Work listed on the front page as well as any other work agreed to in writing between you and us. The Total Contract Amount will be determined by you and us in writing, and shall include no less than the final Replacement Cost Value which is your insurance company's initial RCV amount plus all additional supplements and permit fees.

Initial RCV amount \$ _____ Revised RCV amount \$ _____

We expect work to begin approximately: _____, 20 _____

This cancellation policy applies only to residential roofing services as defined in C.R.S. 6-22-102: Pursuant to C.R.S. 6-22-104 Client ("you") may rescind a contract for residential roofing services and obtain a full refund of any deposit made to Native Roofing & Solar ("us") within 72 hours after entering into this contract. Pursuant to C.R.S. 6-22-104 if payment for the roofing work will be made from the proceeds of a property and casualty insurance policy issued pursuant to C.R.S. Title 10, Article 4, Part 1, then: (1) you may also rescind a contract for work on your residential property, for which payment would be made from insurance proceeds, within 72 hours after receiving notice from your insurer that the claim is denied in whole or in part. Pursuant to C.R.S. 6-22-105, we cannot pay, waive, rebate, or promise to pay, waive, or rebate all or part of any insurance deductible applicable to the insurance claim for payment for roofing work on the covered residential property. Contractor shall hold in trust any payment from the property owner until Contractor has delivered roofing materials at the residential property site or has performed a majority of the roofing work on the residential property.

Please be aware that once the permit is pulled, cancellation of the roofing contract is not permitted. We pull the permit after the claim summary is received. If cancellation occurs within 3 days after signing the contract up to the insurance adjuster appointment, a fee of \$1,000 will be charged. After the adjuster appointment, but before the claim summary is received, the cancellation fee will be 5% of our estimate value. For cancellations made after the claim summary is received, the fee will be 5% of the approved claim amount. Approval for cancellation must be obtained by visiting our office and speaking to a manager. No cancellation fee will be charged if the insurance claim is denied.
